Coastal Screening  
PO Box 1353  
Cary, NC 27512

Subject: Screening

To Whom It May Concern:

I would like to thank Max for his prompt visit to my home to provide an estimate for screening our new porch. Although it was a weekend, Max was on time and extremely professional.

As the porch was being built, Max still worked within the timeframe of my builder and had the crew here at the appropriate time. The two gentlemen that did the installation were outstanding, very professional, courteous and talented installers. Our screening had multiple angles, but their installation was perfect.

Again, I would like to thank everyone at Coastal Screening that were a part of our new screened porch.

Sincerely,

Reese B. Walter, Jr.
